Marshal Walker and Deputy Hammond are dealing consternation among the owners of cows and hogs, which are found running at large. Such animals are put in the stray pen and the officers are allowed a fee of 50 cents before they are released. Such an ordinance has existed here for years and the execution of it causes a surprise. It makes a great difference though whose cow is put in the pen. Those who make the most noise about other people's stock running at large are always ready to fight if their stock is locked up.

The spirit of anarchy which has manifested itself in tollgate raids is liable to show itself in other things and, if permitted to go unchecked, prove destructive to our free institutions by destroying the right to hold property either in an individual or a corporate capacity. If people object to paying for one thing they may object to the price of others and, under the cover of darkness, issue their diabolical decrees to regulate the price of all commodities. The notification sent to a supervisor in some part of the State threatening to punish him if he continued to raise the value of property shows too well where such a course will lead. A detective force should be employed to bring such people to justice.

Senator Farris was at home Saturday and in a talk with him he expressed the opinion that the McChord railroad bill, the bill to break the school book combine and the bill to make the proposed changes in this Congressional district will all pass, as will other bills looking to the general welfare. WALTER FORRESTER'S LETTER.

FRANKFORT, Jan. 21.-The free silver democracy is running this Legislature in a manner to challenge universal admiration. Of course it is too early to form an estimate of what is going to be done, but so far the session has been distinguished by conservatism, gentlemanly conduct, and a degree of dignified courtesy to the republican chief executive that marks this body as a broader and more self-respecting than the last.

Senators and representatives are all and they may go wild, but so far there is no occasion for alarm.

The majority of the general assembly is democratic according to the Chi- may be necessary to pay said taxes. some of her best people have been thinking and saying that these silver democrats are all anarchists and the like. That is all wrong. These silverites as we all know now are a lot of open-hearted, out-spoken Kentuckians 3 00 who declare openly that they are for free silver while Hunter and Deboe and a lot of lesser pie-hunters were se-

cretly pledging themselves to do the same thing. Even the McKinley administration is drifting away from the "single gold standard." And I make bold to pre-No. 3 "12 02 a m " 4 " 3 24 a m standard." And I make bold to pre-No. 5 "11 31 a m " 6 " 32 p m dict that the people of Kentucky will vote the free silver democratic ticket in preference to a republican ticket that repudiates all the past professions of the party. Kentuckians prefer public servants who are outspoken in their

declarations. I would suggest if you please that Ellis, Buford town lot '96-7 Gov. Bradley and the Hon. A. E. Wilson, of Louisville, are the only republicans in Kentucky who have been prominent in recent political events, Helm, Harrison 75 acres '96-7 who have not cheerfully surrendered Hocker, Anderson town lot '97 their political professions for pie or the Hayden, Tim town lot '95-6-7 Ba'. promise of pie. And that is why the democrats treat them with respect. Jeffreys, Sam 6 acres '97 And so now we poor but honest newspaper people must worry along without any thing sensational in public affairs. WALTER FORRESTER.

The grave and dignified head of the department looked at her and said: "My dear young lady, I am afraid I can not do what you ask, although your big brown eyes"- "Then the ayes have it," quick as a flash the young lady said. And she got what she requested.

Here's something to think about: A Oaks, Jemimah 50 acres '98-7 man owed \$1 and had but 75 cents. He thus had Woods, Mrs. Mary town lot '97 two 50 cent pieces, \$1 in fact, with Wolf, August 50 acres '97 which he paid the debt. Was any body out and how much?

A Georgia editor makes this bid for public favor: "Get a first-class newspa per while you are about it. Our contemporary, over the way, keeps this notice at the head of his journal: 'Entered at the poss-office as second-class matter.' You don't want that kind of a newspaper, do you?"-Atlanta Con-
